SUBJECT: PUBLIC WORKSHOP NOTICE TO DISCUSS A PROPOSED
REGULATION FOR IN-USE ON-ROAD HEAVY-DUTY DIESEL-FUELED
VEHICLES

The Air Resources Board (ARB or Board) staff invites you to participate in a series of workshops to discuss proposed regulation to reduce emissions from existing diesel-fueled trucks, buses, and other vehicles operating in the State. As currently proposed, the regulation would apply to nearly all in-use on-road heavy-duty diesel vehicles regardless of where the vehicle is registered. This is the seventh set of workshops since the initial regulatory concept was presented during public workshops in April 2007. This will also be the last series of workshops before the proposed regulation will be considered by the Board on October 23, 2008. The public is invited to comment on the proposed regulation at the workshops.

At the workshops, staff plans to provide an overview of the proposed regulation and to discuss the associated costs and emissions benefits. Day and evening workshops are planned. The daytime workshops will be held in San Diego, El Monte, Redding, San Jose, Sacramento, and Fresno. The workshop in Sacramento will also be webcast. Workshops will also be held in the evening in El Centro, Redding, San Jose, Riverside, and Arvin.

San Diego

Date: Tuesday, July 22, 2008
Time: 10:00 a.m. – 2:00 p.m.
Location: California Department
Transportation District 11
Garcia Room
4050 Taylor Street
San Diego, California 92110

<http://www.dot.ca.gov/dist11/>

El Centro

Date: Tuesday, July 22, 2008
Time: 6:00 p.m. – 9:00 p.m.
Location: El Centro Community Center
375 S. First Street
El Centro, California 92243
