California Water Feeds Our Communities

July, 2014

Dear Friends:

The drought is making history due to the devastating effects it is causing to farming, families and communities. We have an opportunity to *make history* with the largest food drive to directly benefit those in greatest need of the devastating effects of the drought. **California Water Feeds Our Communities**

Join us **Tuesday, July 15, 2014**, from 6 a.m. to 7 p.m., at four locations in Fresno/Clovis to drop-off your generous donations: Manchester Center, Fig Garden Village, River Park and Sierra Vista Mall parking lots. Food and donations will be collected, and on **Tuesday, August 5, 2014**, we will send truckloads of donated food and personal hygiene items (see flyer for more details) to communities affected by the drought. This is our opportunity to help those who rely on the farming industry for their livelihood.

Your financial resources are needed. Below is a list of sponsorship levels. Please join us with a level that best suits your generosity:
